

I have seen many coaches but this man here is by far the best I've seen. He encourages the kids like no other I've seen. And believes in teamwork and sportsmanship and in respect and makes sure to teach this to the team he coaches. He pushes them but doesn't forget to applaud their successes. There needs to be more like him out there coaching.

*He has a way of making the kids laugh!
He encourages the kids to do their best but makes sure to make it fun for them too. There is this positive energy you feel within the team because of the way these men support their players*

Coach with right attitude promoting team spirit and enjoyment of the game

An overall great coach!! Kids had a great year!!

HE IS ALWAYS THERE FOR THE KIDS. HIS COMMITMENT TO THE TEAM IS OUTSTANDING AND HE ALWAYS DOES IT WITH A SMILE!

He has a way of making the kids laugh!

This man is just amazing! He's great with the kids has amazing team spirit and is all around awesome!

Dedicated coach who goes beyond coaching.

He is great at directing them to strive harder on their weaknesses, and having them function as a team not individual players. He arranges time off the ice so they bond as friends that stay with them long after the season is over.

Dedicated coach who goes beyond coaching. Cares about developing player's hockey skills but also life skills. Always kidding with the kids. Amazing communication with the parents concerning the development of the players. A huge asset to VE hockey. Hoping he picks our child again next year for his team

If it wasn't for him, my son would have never tried playing hockey for the first time, this year. He has helped my son more than words can say. My son's confidence and self-esteem has improved only with the help of him! I would like to thank all of the coaching staff for their dedication and positive efforts this year. Thank you for changing a child's life!

Cares for his team, dedicated gives 100% of himself

Always supportive and fair. Believes in growing a team and not only a player. Fair play. Offers constructive criticism

He makes hockey fun while teaching our kids!

He's a great motivator for the kids and is genuinely liked by the parents. He definitely has the kid's backs and encourages fair play.

He has built excellent rapport with each player. He has coached each player to develop greatly in terms of skills, skating and work ethic. He has taught them that working hard is fun!
