Q. Why USSSA 10U and 13U Winter Classic?

A. USSSA specialize in youth baseball tournaments. They have been found to be a reliable source that runs professional tournaments with various brackets separating elite traveling teams and teams that do not get to play together as much. This way we can provide our players with a fair environment to be challenging but also competitive. They offer rankings and all-star teams for players that stand out and are a recognized national tournament organization in USA.

Q. What type of playing time will my son get with Team IP?

A. We are not here at this age to “win at all costs”. We reward effort and performance and yet still provide ample playing time for all involved. This means the absolute minimum any player will get is 50% of the playing time available. Some will get more but none less than 50%.

Q. Are players expected to travel and stay with the team or with parents?

A. Yes

Q. What other services does Team IP Prospects Baseball provide?

A. Players should consider Team IP an additional resource for referral and reference to any interested college or scout. We have helped place over **170** players into colleges across the USA and Canada.

Q. Am I too young for college recruiters and pro scouts.

A. These events are also excellent opportunities for younger players to assess their abilities against national level competition, gain confidence and to become accustomed to the pressures of performing at a higher level. No one will be signed at this event but it is good experience!

Q. What if I already play on another team?

A. No problem. IP Prospects encourages players to practice and play for local teams. This is a per event commitment and has no impact on any other teams or programs you may be involved in.

Parent comments: "As you go through the process of parenting a player through high level ball, you learn that being a good player in Canada simply isn't going to get you noticed by US College Coaches. They have so many players to see in their own backyard. You really need someone in your corner, who knows how college coaches think, what they're looking for and how to get noticed. Morgan Reiter not only called coaches on our behalf, he gave me some of the most solid advice along the way. As a parent of a ball player, even a talented and hard working one, it's always tough to know what to do, and where to spend your money. Morgan picks great tournaments to travel to, has appropriate roster size, and provided a great experience for my son.

His key advice afterward helped us to land a full ride scholarship in Florida to the #12 ranked Junior College in the US. Thanks again Morgan! - **Ken Diewert, Nanaimo, BC (full scholarship to Polk State JC. – recently signed full scholarship to U of Missouri)**

“Thanks again for the all you did for the boys with this opportunity. This really was a great trip for Ben, he definitely learned a lot. I know he’s coming back with a much better understanding of what he needs to work on and the commitment that will require. We had a great time and really enjoyed the whole experience. Thanks again!”
