

"Best Season Ever"

Mental Performance Clinic

Presented By Beyond The White Lines
One Week Only - January 2018

For athletes ages 9-22

The game plan to build confidence, leadership & toughness

When you attend you will discover:

- ✓ Elite athlete rituals to build unshakable confidence (even when you don't feel like it)
- ✓ 3 keys to busting out of slumps faster!
- ✓ How to Brain-Hack like an olympian, get more out of every practice and THRIVE under pressure!
- ✓ **PLUS! A special bonus message about How to conquer the top 6 challenges facing every youth athlete today.**

"Hands down THE most valuable training my team has ever attended...."

"I saw a ROOM FULL of athletes laughing, having fun and really getting it! Coach Jenn took them out of their comfort zone and challenged them to think differently. As a result we noticed **an immediate increase in intensity at our practices** and in our ability to rally back in tough games. Parents are CONSTANTLY asking 'WHEN is she coming back?'"

This is a must attend event for every athlete, parent and coach.

- Missy Coffey, Head Coach & Private Instructor, Illinois

"Great for all ages and skill levels!..."

I am impressed! I saw several of my college girls engage, that I NEVER thought would engage! At the same time we had 10, 12, and 14 year olds in the room. Every person left with lessons they can apply on and off the field. I DEFINATELY RECOMMEND!

- Coach Art, Spalding University, Kentucky

"What an Incredible clinic..."

Coach Jenn delivered a message in a way that touches kids, coaches and parents alike. I can already see my team using the tools on and off the field! Thanks, Thanks, Many Times - Thanks! It was great to even learn many things as a Coach as well! "

- Coach Chip, Lady Cruizers Michigan

About your Guest Coach:
