

On behalf of RMMSA, I would like to let you know about some exciting news coming up next season.

Until now, RMMSA has been all girls, with the exception of our U6 and U8 divisions.

Starting next season in our house divisions, we will be allowed to have boys play in our softball association. Here are the details:

For U6, U8, U10C, & U12C we will be having teams with both boys and girls mixed together. Although this is not a change for U6 & U8, this will be a huge change for U10 & U12.

For U14 and up, we will be allowed to have girl's teams, and boy's teams. With this age, we won't be able to mix the boys and girls together on a team, but if we can get enough boys for at least one or two teams, that is all we need to get them started, and grow from there. There will be other teams around the lower mainland that the boys will be able to play against as well.

If you have boys, or your girls have friends that are boys, and they might like to join a great team sport, please let them know about this. The more people we have spreading the word, the more we can all help our association grow.

The best way to keep up to date with what is going on in the association is by following our facebook page, "Ridge Meadows Minor Softball Association", and checking our website, RMMSA.com regularly. If you would like more information, you can email [register@rmmsa.com](mailto:register@rmmsa.com)
