

Recently there have been a few parents that were not receiving emails from the team. What we learned is that the parents email was unsubscribed from receiving emails. If you are not receiving emails you will need to email Tech Support for Hytek and they will remove you from the unsubscribed list.

Send your email to: HyTekSupport@active.com

Subject: Unsubscribed Email List

In your message let them know that you are not receiving emails from the Tonawanda Titans. Please include your full name and the email address that is not receiving them. Please tell them that we have verified your account and everything is setup correctly.

They have fixed these withing 1-2 business days in the past.

If you have any other questions please email tonawandatitansswimclub@gmail.com

Thank you
