

Dear Parents and Athletes,

As COVID-19 cases throughout our communities continue to rise, schools continue to receive inquiries on the state of athletics. The following information is to update you on the procedures related to athletics for Los Osos High School.

Revised Athletic Seasons

Based on the information provided by CIF, the revised athletic schedules for the 2020-21 season are as follows:

Fall Season:

B/G Basketball	03/12/21	05/21/21			

Tryouts and 6<sup>th</sup> Period Athletics

In the past, summer tryouts were used to determine rosters and placement into 6<sup>th</sup> period athletics for first semester. Unfortunately, due to our current circumstances, in person tryout dates will be determined based on current public health data, state and local guidance, and individual season of sport. Tryout dates will be available to the public on our school website once we meet local and state guidelines. Los Osos High School website can be found at [lohs.cjuhsd.net](http://lohs.cjuhsd.net).

Without the ability to have in person tryouts, a potential student athlete may be enrolled in athletics even though he or she is not officially on the team's roster. Official placement on a team roster will only occur after tryouts and team selections have been made by the respective coaching staff.

We appreciate your flexibility and understanding, as we find new ways to support our student athletes during these historic times. As new information is released, we will continue to update our communities with the changes and/or modifications regarding athletics.
