**During this time of COVID-19 uncertainty, we will be flexible.** Depending on the virus, HAST's COVID-19 protocols may change as the FW season progresses. HAST can/will adapt if our Hastings school district goes virtual, due to number of COVID-19 cases locally. In the SS Season, we met outdoors, swam in the St Croix River, done virtual dryland training, and held many Zoom Team Meetings to get connected and learn/grow together. **HAST will be willing to adjust fees accordingly based on what we can end up offering this season. Let us get through this together, HAST family!**

### **HAST Swim MEETS:**

This summer HAST Put on a couple non-sanctioned virtual swim meets, live feeding the meet onto Facebook. This fall we plan to add sanctioned virtual swim meets. Later this season we hope to attend/host dual meets. If things go well, we will finish off the seasons with the final meets: MAC, MRC, AG State, SR State. Most likely these events will be organized differently than the past, limiting the number of people allowed in the building to keep everyone COVID safe. (Final Season Swim Meets: 2.27-28 MAC, 3.5-7 MRC, 3.11-14 AG State, 3.18-21 SR State.)
