

It's Tuna Drive Time!

**Calling all Parkway swimmers!
Our annual tuna drive is back and
will run from November 9th – 21st.**

Please bring a pouch or can (or two, or three) of tuna to practice and make your practice more fulfilling, knowing that your donation will help a struggling family. Did you know that 1 in 6 American children don't know where their next meal is coming from?

All Parkway groups will be competing against each other. Because the groups vary in size, the winning group will be determined by a percentage and be rewarded with a big surprise!

Tuna is one of the top requested items from food pantries due to its high protein content and recipe versatility.

Our donations will be shared with the River Oaks Food Pantry, a small independent pantry in Foristell, which relies on private donations, and the Parkway Food Pantry, which services the Parkway School District community.

**The challenge is on!
Do your part, and we all win!
Thank you, and GO PARKWAY!!**
