This program is the Start To Soccer.

We will play games and have fun.

The kids will put lots of touches on the ball as they are encouraged to play and participate.

At this age, I am a firm believer of the kids having a fun and exciting time while learning.

We know the kids will get upset when they lose the ball and they are going to stand around too; that is expected, so we encourage them to keep trying, playing and participating. For some, this may be their first experience in a sport setting with lots of other kids.

I will try my best to make sure they have fun and learn. They will learn without realizing that they are!!

This program is not a formed league with teams, though we will have different color shirts to help separate the kids for soccer groups and matches.

We will work on drills and touches and move to playing against each other as we move through the sessions.

**** (all players need a #3 ball & Shin guards) ****

KINDERKICKERS ACTIVITY DAYS BELOW:

1 Day per week, no other practices in this program.

Start date Sunday 4/18/21 @ 2p – 2:45p

Due to the Covis-19 situation, I may need to have this program and some Saturdays and Sundays depending on the numbers of player and parents and working to reduce larger groups per the CDC guidelines.

Thank you,

Coach Jeff
